

Manual to buy \$POLR Tokens from QuickSwap

1. Set up Matic Mainnet in your Metamask wallet. Visit <https://chainlist.org/> and Search Matic in the search bar. Now click on Add to Metamask, it will automatically setup Matic Mainnet in your wallet.

2. Bridge your assets from the Ethereum mainchain to the Matic mainnet. Follow this URL: <https://bit.ly/2RM8dgb>
3. Swap assets to USDT for investment, (use Quickswap or DFYN) *make sure you have \$Matic in your Metamask wallet account to pay gas fees.
4. For detailed steps, follow: <https://www.youtube.com/watch?v=4t44nVJObls>
5. On our website (<https://www.polystarter.net/>) click on "BUY \$POLR" button on the top right to purchase the tokens or you can use this link directly: <https://quickswap.exchange/#/swap?outputCurrency=0x029c2bf9e5e7bf11328f045205308244e11efc46>
6. You can see the chart analysis at CoinGecko here: <https://www.coingecko.com/en/coins/polystarter>
